Re: A2011-1, Delaware Station, Albany, NY

Dear Ms. Grove:

This letter is to request a waiver pursuant to Rules 9(a) and 10(a) of the Postal Regulatory Commission's rules of procedure, to allow filing of hardcopy documents by U.S. mail instead of electronic filing. The waiver is requested for the participant statement and any other documents that I might be submitting in connection with the Delaware Area Neighborhood Association's appeal of the closure of the Delaware Station post office, including possibly a response to the Postal Service's brief.

I am requesting a waiver because my computer internet connection and software are limited compared to what is needed for electronic filing. This is not a matter of being unable to afford better computer access, but instead is a result of being too busy in the past couple of years to deal with upgrading my computer. I still have a dial-up connection. The word processing program on my computer is Microsoft Works, and I don't have either Word or WordPerfect on it although I can view Word documents. The software also does not have the ability to create pdf documents. Attempting to file the participant statement or other documents electronically would be time consuming or infeasible on my computer. Thank you for considering this request.

Yours truly,

Susan J. DuBois
